PROFILE

- I want to meet network with people and learn more about IT and computer science.
- I am enthusiastic and curious about new technologies and am ready to know about new things.
- I have been working in many of my personal projects such as websites, software, mobile apps, games and so on.

WORK EXPERIENCE

- **Personal Projects** 2030 - PRESENT
Gauravkathayat.com.np
 - Made this websites as a project to act as a portfolio of my work, projects and blogs
 - My first website which was online.
 - I have many other projects which are listed and available to be seen on my GitHub profile. (<https://github.com/CuriousCoder25>)
 - I am still working on some of my new and old projects.
- **SMUN (Sudurpaschim Model United Nations)** 2024-2024
Delegate of United Kingdom
 - I participated in this model united nations (MUN) having no clue what it was. But it happened to be one of the most amazing experiences.
 - I got a chance to meet and network with many people and some individuals with common interest in Computer science.
 - It was a great conference and my committee ECOSOC had a very good assembly. I really enjoyed discussing, debating, learning, researching about our agenda.
 - SMUN really gave me a chance to me to know myself better as a person and my capabilities as a communicator and a delegate. It really made me more confident and fleshed out my strengths and weaknesses.
 - I won an award for Best Strategist, but more importantly I won people with very great personalities and aspirations
